Date of Publication:
(Name of CDBG Recipient)
(Street, City, Zip Code)
(Telephone #)
TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS
On or about (16 days from date of publication) the above named (City) (County) will request the Georgia Department of Community Affairs (DCA) to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended, for the following project:
(Project Title or Name)
(Project Activities)
(Purpose or Nature of the Project)
(Specific Location of the Project)
FINDING OF NO SIGNIFICANT IMPACT (FONSI)
It has been determined that such request for release of funds will not constitute an action significantly affecting the quality or the human environment and, accordingly, the above named (City) (County) has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).
The reasons for such decision not to prepare such Statement are as follows:
(Set forth reasons for decision)
An Environmental Review Record respecting the proposed project has been made by the above named (City) (County) which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Record is on file at (location) and is available for public examination and copying upon request at (Room or other specific location) between the hours of and

No further environmental review of such project is proposed to be conducted prior to the request for release of Federal funds.

#### PUBLIC COMMENTS ON FONSI

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the (City) (County) to the (office of the undersigned) (other specific place). Such written comments should be received at (specific address) on or before (15 days from date of publication). All such comments so received will be considered and the (City) (County) will not request the release of Federal funds or take any administrative action on the proposed project prior to the date specified in the preceding sentence.

#### NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS (NOI/RROF)

At least one day after the termination of the public comment period for the FONSI but not before comments on the FONSI have been considered and resolved, (name of CDBG Recipient) will submit a Request for Release of Funds (RROF) and Certification to DCA. By so doing the (City) (County) will ask DCA to allow it to commit funds to this project certifying that (1) it has performed the environmental review prescribed by HUD regulations ("Environmental Review Procedures for Title I Community Development Block Grant Program" - 24 CFR Part 58), and 2) the Certifying Officer, (name), consents to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to the environmental review or resulting decision-making and action. The legal effect of the certification is that by approving it, DCA will have satisfied its responsibilities under the National Environment Act thus allowing (name of CDBG Recipient) to commit Community Development Block Grant funds to this project.

#### **OBJECTION TO RELEASE OF FUNDS**

DCA will accept objection to this approval of the release of funds and the certification only if it is on one of the following bases: a) that the certification was not in fact executed by the Certifying Officer; or b) that applicant's Environmental Review Record for the project indicated omission of a required decision, finding, or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to DCA at CDBG Section, 60 Executive Park South, Atlanta, Georgia 30329-2231.

Objections to the release of funds on bases other than those stated above will not be considered by the State. No objection received after (30 days plus mailing time from the date of publication) will be considered by DCA.

### 28. Instructions for Job Site Interviews

### Record of Employee Interview Instructions

U.S. Department of Housing and Urban Development Office of Labor Relations

OMB Approval No. 2501-0009 (exp. 10/31/2010)

#### Instructions

#### General:

This form is to be used by HUD and local agency staff for recording information gathered during on-site interviews with laborers and mechanics employed on projects subject to Federal prevailing wage requirements. Typically, the staff that will conduct on-site interviews and use this form are HUD staff and fee construction inspectors, HUD Labor Relations staff, and local agency labor standards contract monitors.

Information recorded on the form HUD-11 is evaluated for general compliance and compared to certified payroll reports submitted by the respective employer. The comparison tests the veracity of the payroll reports and may be critical to the successful conclusion of enforcement actions in the event of labor standards violations. The thoroughness and accuracy of the information gathered during interviews is crucial.

Note that the interview itself and the information collected on the form HUD-11 are considered confidential. Interviews should be conducted individually and privately. All laborers and mechanics employed on the job site must be made available for interview at the interviewer's request. The employee's participation, however, is voluntary. Interviews shall be conducted in a manner and place that are conducive to the purposes of the interview and that cause the least inconvenience to the employer(s) and the employee(s).

#### Completing the form HUD-11

Items 1a - 1c: Self-explanatory

Items 2a – 2d: Enter the employee's full name, a telephone number where the employee can be reached, and the employee's home address. Many construction workers use a temporary address in the locality of the project and have a more permanent address elsewhere from which mail may be forwarded to them. Obtain a more permanent address, if available. Ask the employee for a form of identification (e.g., driver's license) to verify their name.

Items 3a - 4c: Enter the employee's responses. Ask the employee whether they have a pay stub with them; if so, determine whether the pay stub is consistent with the information provided by the employee.

Items 5 – 7: Be certain that the employee's responses are specific. For example, job classification (#5) must identify the trade involved (e.g., Carpenter, Electrician, Plumber) – responses such as "journeyman" or "mechanic" are not helpful for our purposes.

Items 8 – 12b: Self-explanatory

Items 13 – 15c: These items represent some of the most important information that can be gathered while conducting on-site interviews. Please be specific about the duties you observed the employee performing. It may be easiest to make these observations before initiating the interview. Please record any comments or remarks that may be helpful. For example, if the employee interviewed was working with a crew, how many workers were in the crew? Was the employee evasive?

The level of specificity that is warranted is directly related to the extent to which interview(s) or other observations indicate that there may be violations present. If interviews indicate that there may be underpayments involving a particular trade(s), the interviewer is encouraged to interview as many workers in that trade(s) that are available.

Items 16 – 17b: The information on the form HUD-11 may be reviewed for general compliance, initially. For example, are the job classification and wage rate stated by the employee compatible with the classifications and wage rates on the applicable wage decision? Are the duties observed by the interviewer consistent with the job classification?

Once the corresponding certified payroll reports are received, the information on the HUD-11 shall be compared to the payroll reports. Any discrepancies noted between the HUD-11 information and that on the payroll report shall be noted in Item 16, Remarks. If discrepancies are noted, follow-up actions to resolve the discrepancies must be taken.

Líneas 2a – 2d: Anote el nombre completo del empleado, un número telefónico donde se le pueda contactar, ý su dirección residencial. Muchos trabajadores de construcción usan una dirección temporal en la localidad del proyecto y tienen una dirección más permanente en algú identificación (por ej., licencia de conducir) para verificar su nombre.

Líneas 3a – 4c: Anote las respuestas del empleado. Pregunte a los empleados si tienen un talonario de paga con ellos; si no, determine si e talonario de paga concuerda con la información provista por el empleado.

35 – 7: Asegúrese de que las respuestas del empleado sean específicas. Por ejemplo, la clasificación de trabajo (#5) debe identificar el tipo de oficio que desempeña (por ej., carpintero, electricista, plomero) – respuestas tales como "jornalero" o "mecánico" no ayudan para nuestros propósitos.

Líneas 8 - 12b: Auto explicatorio

Líneas 13 – 15c: Estos asuntos representan alguna de la información más importante que se puede recopilar durante una entrevista en sitio. Por favor sea específico en cuanto a los deberes que según su observación desempeñó el empleado. Quizás sea más fácil hacer estas observaciones antes de iniciar la entrevista. Por favor anote cualquier comentario que pueda ser de importancia. Por ejemplo, si el empleado entrevistado estaba trabajando con un equipo, ¿cuántos trabajadores tenía el equipo? ¿Se mostraba el empleado evasivo?

El nivel de precisión garantizado está directamente relacionado al grado que la(s) entrevista(s) u otras observaciones pueden indicar que existen posibles violaciones. Si las entrevistas indican que puede haber paga de salario insuficiente relacionado a algún particular oficio (s), se recomienda al entrevistador conducir entrevistas con tantos trabajadores en ese oficio(s) estén disponibles.

Líneas 16 – 17b: Inicialmente, la información en el formulario HUD-11 puede ser examinada para conformidad general. Por ejemplo, ¿está la clasificación de trabajo y el salario declarado por el empleado compatible con las clasificaciones y tasas de salario en la decisión de salario aplicable? ¿Concuerdan los deberes observados por el entrevistador con la clasificación de trabajo?

Una vez se reciben los informes de nómina certificados correspondientes, se hará una comparación de la información anotada en el formulario HUD-11 con los informes de nómina. Cualquier discrepancia entre la información del formulario HUD-11 y la del informe de nómina será anotada en la línea 16, Comentarios. Si se hacen observaciones de discrepancias se deberán tomar pasos de seguimiento para resolver las discrepancias.
